In addition, EU has disclosed “Our Sustainability Approach and Initiatives (TCFD-Aligned Disclosure)”

• [Our Sustainability Approach and Initiatives \(TCFD-Aligned Disclosure\)](#)

These two initiatives advance our response to climate change by reinforcing one of EU’s core focus areas in responsible investment, promoting the reduction of greenhouse gas (GHG) emissions.

Since 2022, EU has been a signatory to the United Nations-supported Principles for Responsible Investment (“PRI”) and remains committed to addressing ESG challenges, particularly those posed by climate change, in collaboration with our portfolio companies to enhance long-term corporate value.

\* The Investor Agenda is an organization established by seven major groups working with global investors: PRI, AIGCC, CDP, Ceres, IGCC, IIGCC, and UNEP FI, with the aim of accelerating investor actions toward achieving net-zero emissions economy.
