Endeavour United Announces Sale of HOMETECH

We announced today that Endeavour United II Investment Business Limited Partnership, a fund under the management of Endeavour United Co., Ltd. ("EU"), has completed the transfer of all shares of HOMETECH CO., LTD. ("HOMETECH") to DCM Holdings Co., Ltd. ("DCMHD").

HOMETECH, established in 1991, has been operating a residential renovation business centered on large-scale home remodeling under the philosophy of being a "Reform Dream Partner" that supports customers in creating homes that nurture their aspirations.

Since EU's investment in August 2022, we have worked to strengthen the company's business foundation for mid to long term growth by promoting a dominant strategy in the Greater Tokyo area, enhancing corporate governance, and supporting the full utilization of HOMETECH's strengths in design quality, functionality, and construction capabilities.

By partnering with DCMHD, which has a strong capital base and solid business foundation, we believe HOMETECH will be able to achieve further growth through reinforcing its dominant position in the Greater Tokyo area and realizing complementary synergies in construction capabilities between the two companies.
